Whites Need Aid.

MILWAUKEE, Wis., Monday, March 23.—Prof. O. F. Hillyer, postessor of libitical languages at the Atlanta Theo-logical Southary in an address at Plylegical Seminary, in an address at Plymouth Congregational church, made the someont that there are twice the facilities for the education of the negroes in the South to that for the whites. The latter, Mr. Hillyer said, had been neglected; and it was to the advantage of good citizenship that attention be made to this phase of devel-opment in the South. Prof. Hillyer has come north for a three months' leave of absence to arose interest in the poor whites of the South. He says that the greatest problem in the educational and religious work in the South is to secure men for the work. If 160 churches were to organize there today he said there would be no men for pastors.

Honolulu's Prosperity.

The U.S. stram colller Alexander has arrived at Honolulu with a full cargo of coal for the coaling station at that important rendezvous. The value of this port for a coaling depot has never so great as at the present time and it is safe to say that the immense material passing through Honolulu will show a steady Increase with the augmentation of our forces in the Far East. Embalmed Milk is a Leading Cause of Offence

NEW YORK, April 1 - In his camrealize for pure food the Board of Health has had a field day in the Court of Special Sessions. Members of the books brought out the fact that the produce dealers on the state are violating many laws of health and that the chief offenders are those who sell politiced folls. Seventeen offenders were brought before the bar on this charge and fined from \$15 to \$30.

It was brought to the attention of the court that since the passage of the law, prohibiting the use of boracic acid for the preservation of milk, the use of formuldehyde has become externely common, and it is difficult in the provided districts to get other than
